

9th of March 2020

In August 2019, EEW Capital Finance Plc (EEW) issued an “A” grade €25 million structured bond on the Irish Stock Exchange – Euronext (ISIN GB00BK5S2353).

EEW is pleased to announce that the Climate Bonds Standard Board have issued EEW Capital Finance Plc with the CBI Certification. The bond conforms to the Climate Bond Initiative Taxonomy and was verified independently by the approved certifier ISS ESG. Accordingly, the bond can now be considered as a “Green” bond and has been updated to include the CBI label.

In addition, the bond has now been moved to the “Green” segment of Euronext Dublin and will be considered as a green investment for any climate responsible investors.

The green certification of green bonds marks a confirmation of EEW’s continued commitment to support decarbonisation through development of utility scale solar globally. The proceeds of the bond will go toward developing a global portfolio of solar.
